

Pupil Premium Spending – North Cadbury C of E Primary School - Financial Year 2022/23

Number of Children on Roll as at January 2022 Census: 79

Percentage Post AFC: N/A

Total Pupil Premium Percentage: 16.5%

JULY 2023 – IMPACT STATEMENT & REVIEW

Pupil Premium Funding Allocation: £18,416

Area of Spend	Contribution from Pupil Premium	Description of Intervention	Intended Outcomes	How impact will be measured	Impact of Intervention
Flexible behaviour support	£11,139	Non-specific class based LSA support for pupil premium pupils who display challenging behaviour. LSA is able to support within the class or remove the child if necessary, returning when appropriate. Children access appropriate educational activities away from the classroom.	Children struggling to control behaviour are supported when necessary.	Pupils are better equipped and feel supported enough to control their behaviour. Less episodes of challenging behaviour.	Behaviour is much improved, and there have been far fewer incidents of whole class disruption due to appropriate and immediate support for those children who have needed it. For one child we were not able to prove academic ability, as their behavioural and emotional needs were simply too great.
Maths & English booster groups (Below expected attainment for their potential)	£2650	Additional teaching staff to teach small groups of Year 4, 5 & 6 pupils to enable them to achieve better and above the expected standard in end of year tests. One hour per week of Maths & English tuition. Groups include pupil premium pupils.	Return to normal levels, following disruption caused by Covid-19 Larger number of pupils achieving at or exceeding the expected standard in end of year tests in Maths & English.	Through test and teacher assessed results at KS2 end.	Our Year 2 SATS results were above 80% in all areas, and our Year 6 SATS results were an astonishing 91%. We have also raised the expectation for children able to achieve greater depth in their learning, and ensured that this is across the board for all our children.
School trips.	£500	Pupil premium pupils who are in financial difficulties, are offered opportunities to take part in visits and trips, either free of charge or at a subsidised cost. This will be particularly key for our Pupil Premium children this year, as the restrictions of Covid-19 keep families at home and make it even less achievable to experience a variety of experiences outside of school.	Pupils feel included in activities they may otherwise not be financially able to take part in. Pupils experience new skills and activities.	Number of pupils gaining new skills and are happier in school due to being able to take part.	Every child in receipt of Pupil Premium funding has had their school trips/activities fully funded or subsidised according to need. We are proud that all children have engaged in all trips with the exception of one KS2 trip. For this trip the parent was offered every incentive possible. The positive impact from this is enormous and benefits areas 1, 2, 4 & 6 too.

Music Lessons, Art & Activities	£1,300	Pupil premium pupils encouraged to take part in arts activities which come at an extra cost. Pupils have opportunities to take part in performances. Many shows are educational. All pupil premium pupils take part.	Pupils feel passion for a new activity and feel included within school life through taking part. Pupils may find a skill they enjoy and want to progress further with. Shows and productions give all children joy and sense of fun and laughter. Pupils learn through drama and music.	Number of pupils taking part. Number of shows each year. Number of pupils achieving key objectives for particular areas of the curriculum related to the show.	Children have this year benefited from the life enhancing experiences of: Music – instrument lessons individually and in small/whole class groups, theatre opportunities, shared presentations and Culture Days Sport – team and individual sports and competitions, inter school championships, high quality after school sports clubs, professional coaching for PE lessons in school, introduction to sports they may not experience at home Art – visiting artists, trips to an art gallery, high quality art resources and teaching, exposure to an array of art and design opportunities showcasing career opportunities etc
Breakfast & After School Childcare Club	£1,250	Free sessions for children who are pupil premium and need the additional support of a healthy breakfast, or some time with an engaged adult after school to support reading or homework tasks.	That all children feel equal with their peers and have the undivided attention of an adult for homework tasks. That all children are able to start the day with a good breakfast.	Well-fed and happy children who don't sag mid-morning because they haven't eaten. This in turn will have a beneficial effect on their learning and progress, and help ensure they are at ARE.	This has been used extensively to support our children. It has allowed parents to find work, ensured a good start to the day, and allowed children to have completed their homework, have an interested adult read with them and allowed us to further monitor safeguarding and wellbeing.
Nurture Groups S.E.M.H.	£1,577	Pupils learn new social and life skills.	Pupils happier and increasingly equipped for life and learning.	Children demonstrating better life skills and socially appropriate behaviour.	Emotion Coaching Lego Therapy Friendship Groups TLC
