Dear Friends,

Who do you share your shoes with? Do you wear them one day and someone else wears them next? Or do you take turns morning and afternoon?

We delivered your gift-filled boxes to one family in Kosovo and discovered the boys took turns at wearing their one pair of shoes. The one who didn't have shoes was barefoot. He was glad to find socks in his box. The toddler in the family had nothing from the waist down. New underpants in the shoebox were put to good use very quickly.

Another family had a foam mattress blocking the space where an outside door should be. It kept some cold out, but it didn't stop rats coming in. Dad was in prison and mum had no money for Christmas presents. Imagine how much your gifts meant to them!

The poverty of others is less obvious. Some young people were brought by their parents to a centre for people with disabilities to receive the boxes you had sent. It was so good to see them leave with smiles on their faces.

Thank you for all you have done to help us with our shoebox appeal. In eight countries across southeast Europe, people who are poor and disadvantaged in other ways were thankful to receive a box. We could have given away more. There are never enough but our partners know their communities and make sure your boxes go to the people most in need. They couldn't do it without your contribution.

The people who give out shoeboxes asked us to thank you. And we know that the children and adults who received a box all for themselves want us to thank you, too. You made them so happy!

Wishing you the very best in 2026.
